Field Day 94

See You There!

The highlight of the June 3rd General Meeting will be the election of officers and directors who will take office effective July 1st. This year, the AARC has revived the process of voting by mail for those who can't make it to the June meeting.

Mail-in ballots have been included in the May and June newsletters. By mid-May almost 20 ballots had been received representing five percent of the club membership and roughly forty percent of the number who were present to vote in last year's elections.

For President you can choose between Rob, AL7KK and Richard, AL7MO. For

Vice President, Mel, AL7PB and Jim, AL7FS. For Activities Manager Marc, WL7JS and Larry, KL7IWC. Marc, WL7JS is also vying with Susan, NL7NN for the position of Secretary. Larry, KL7IWC is opposing John, NL7NC for Treasurer.

It's a three way race for the three year board position between Simon, NL7VR; Paul, WL7BF; and Mel, AL7PB. Nominees for the six other board member positions include Rob, AL7KK; Lil, NL7DL; Harvey, NL7DK; Eric, AL7IM; Larry, N7DF; Simon, NL7VR; Marc, WL7JS; Diane, NL7KN; Paul, WL7BF; Alden, WL7CY; Jim, AL7FS; and John, NL7YM.

By Law Revisions Vote At June Meeting

The AARC Board recommended changes to the By Laws were presented to the membership during the May General Meeting. The club has to wait until the following meeting to vote on any proposed changes in the By Laws. For those who were unable to make the May meeting we have included a copy of the By Laws in this newsletter complete with the recommended changes. Deletions are indicated by strike throughs and additions are in italics. There was a summary of what the changes mean in last month's newsletter.

also include a satellite station, a packet setup and a VHF station.

If band conditions allow, the teams are hoping to operate 20 Meters (possibly Phone and CW simultaneously) and either 15 or 10 Meters, depending on propagation.

WARC band operation is not permitted this year according the Field Day rules that appeared in the May issue of QST magazine.

Gil, WL7EC, will be bringing his portable satellite station and it will be used on OSCAR 13 as well as any of the low-orbit satellites that happen by.

There will be a VHF packet station running and it may be arranged to operate HF packet as well.

The teams will have three tri-band beams available, plus various 80 and 40 Meter dipoles and slopers. Last year's experience showed that significant activity occurs on the low bands during the wee hours, more than enough to make erection of 80/40 Meter antennas worthwhile.

VHF antennas will be portable beams and ground planes, except for the satellite station, which will use computer-controlled dual-band tracking antennas.

The teams may experiment with one or more receive-only long wire or vee-beam antennas, since there is ample real estate for erecting exotic antennas.

Power will be supplied mainly by a central diesel generator (15KW, 120/240V) plus auxiliary smaller systems as required.

At least one, possibly two of the HF stations can be located inside the main building, at opposite ends, but the teams will have to be careful so that mutual interference is minimized. Some single-band filters may be available that will help.

Site setup will commence on Friday afternoon and at least six hams are needed to assist with erecting antennas and setting up stations.

There will be three 40-foot class towers to put up, including the AARC's trailer/tower, plus stringing wire antennas in the trees and so on.

For those of you who have not been to the site, it includes a nice building with flush toilets and basic kitchen facilities (stove and refrigerator) plus adequate space to set up operating positions.

The teams will probably operate at least one station (possibly more) from a camper or motorhome in order to get some physical separation (to lessen mutual QRM), and the satellite station is self-contained in Gil, WL7EC's RV.

Since this will be a combined event this year between SCRC and AARC, they are expecting lots more people during the event, and that means correspondingly more food, trash, etc.

The clubs will provide meat, buns, and charcoal for the two evening meals (SCRC on Friday and AARC on Saturday), plus enough for snacks during the day on both Saturday and Sunday. Chuck, KL7PJ, and Susan, NL7NN, have volunteered to coordinate the purchase of the meat and buns for both clubs.

If the members approve, there will be an ice-filled laundry tub filled with various flavors of soda pop. Individuals are responsible for their own salads, condiments, eating utensils, paper plates, etc.

There is a large dumpster for trash. Please put your trash into the dumpster or into the wastebaskets to make it easier for the cleanup crew.

The technical portion of the event is pretty well in hand, but a committee is needed to coordinate support services such as food, trash removal, site cleanup, auxiliary entertainment (for the non-ham types that attend) and similar matters. Hopefully these will be finalized at the June meetings of both clubs.

Unlike some ho-hum field day efforts you may have experienced in the past (Outside of Alaska), this event really moves! Last year's SCRC effort was enjoyed by all participants, and this year will be at least twice as interesting with both clubs participating.

AARC Potter Marsh Highway Cleanup

Showing up to help with the highway cleanup on May 14th were: KL7GM-Bill; NL7DL-Lil; KL7GLU Marge; KL7IZZ-Harley; KL7HO-Arlene; NL7DK-Harvey; N7DF-Larry with two young helpers; KL7VC-Fred; KL7PG-Harold and AL7MO-Richard. N7DF even brought along a canoe which he used to get some goodies out of the water. A great big Thank You goes to Harley and Arlene for the goodies they fed to the troops after the Cleanup.

April Treasurer's Report

Gaming proceeds of \$5,750 were received from Boniface Bingo, Inc. in April. The proceeds have been deposited at Smith Barney Shearson. No activity occurred during April in the Life Member account.

I visited with Nancy Adams on May 2nd to answer questions regarding the club's income and expenditures for the 1992 tax reporting year. Nancy is trying to resolve a difference of \$1,048. Unfortunately, there are insufficient records available to straighten out the problem.

After meeting with Nancy, I contacted Fred Tolliver, who arranged for Nancy to meet with Kent Hartzberg from Boniface Bingo, Inc. Since Kent had the same problem when correcting our 1992 State gaming reports, it is hoped that he can help Nancy find the problem. Nancy has all of the needed IRS forms completed with the exception of the 1992 income numbers.

The latest reports from Boniface Bingo, Inc. indicate that the business is improving somewhat, although we're not really sure why, or if the improvement is enough to return the business to profitability. As of this writing, the AARC is due \$9,750 in proceeds that have not yet been paid. The other non-profits are each due the same amount.

Kent Hartzberg has initiated a procedure to deduct accounting fees from the net proceeds of each non-profit prior to disbursement in an attempt to maintain adequate cash flow for operations and fulfill all non-profit

commitments. As a result, it is expected that the net proceeds to the AARC will return to lower historical levels in the coming months. Although the non-payment of proceeds is disturbing, it is in reality money that we owe to ourselves since the AARC is one-fourth owner of Boniface Bingo, Inc. A review of the financial statements of the operation clearly indicate that Kent is making every attempt to resolve the situation, and that all other bills are being paid on time.

It should be noted that the long-term bond investments of the

AARC have lost net value for the last several months. This is due to the current situation in the financial markets, and does not affect the value of the bonds at maturity. Our account representative at Smith Barney Shearson, Inc. has recommended that the AARC make no change in our investment strategy in Local tax-free Municipal bonds at this time. The overall loss on all of the AARC's long-term bonds in the last two months is less than five hundred dollars.

Respectfully submitted,
John Lawson, NL7NC, Treasurer
